

Coalition of Families of Korean & Cold War P.O.W./M.I.A.s

Recipient: The President of the United States

Letter: Greetings,

Mr. President;

Please honor your humanitarian promise to account for missing soldiers left behind after the Korean War. The mission to learn the fate of these fathers, sons, husbands, brothers and uncles has become increasingly time sensitive. Family members and foreign eyewitnesses to many men's fate are aging. This promise is the same one made to today's servicemen and women, and their families. If the promise is to hold credibility for these present day soldiers, it must first be honored for those who served before them.
